

Tocktify — WEEK BY WEEK

Tocktify — Week-by-Week Calendar (Jun 11 → Aug 1, 2026)

Rhythm every week: 2 TikToks/day · Suuq Live Thursday 8:30pm EAT · YouTube long-form Friday 7pm EAT · Monday metrics review + boost decisions · Monday scoreboard video (S10).

Week 0 — Thu Jun 11 → Sun Jun 14 · "Fix the plumbing"

Theme: nothing gets boosted until the funnel can catch people.

- ☐ Ship waitlist page on tocktify.com (name, WhatsApp, what-do-you-sell, city) + referral share link. Put it in both bios.
 - ☐ Fix tocktify.com 403-to-crawlers issue + OpenGraph tags (WhatsApp/ TikTok link previews must show a real card).
 - ☐ Set up WhatsApp Business: labels (Lead/Applied/KYC/Live/Selling), broadcast list, auto-reply with the free-guide link.
 - ☐ Draft the free guide v1 ("Sida Loo Bilaabo Ganacsi Online ah") — a 5-page PDF is enough to start.
 - ☐ **Employee C: onboard 3 sellers end-to-end, time every step, write the SOP.** This number (days per seller) decides whether "Founding 100" stays 100.
 - ☐ Shoot scripts S1, S3; post first 4 TikToks. No boost spend yet.
- Targets: waitlist live, 100 signups, capacity number known.

Week 1 — Jun 15-21 · "Founding 100 launch"

- Mon: announce Founding 100 (S4) — boost \$14 (Somalia + Minneapolis).
- Launch giveaway (S5), pin it, boost \$7.
- Thu: **first Suuq Live** (guest: Ahmed). Clip 3 shorts Friday.
- Fri: Documentary **Part 2** (SO+EN) + \$20 YouTube promo.
- Shoot S2 (Ahmed's diaspora cake order) this week — it needs real footage.
- Begin daily personal WhatsApp follow-up of every waitlist signup (Emp. B).
- Spend: ~\$45. Targets: 350 waitlist, 10 sellers in onboarding, 5 live.

Week 2 — Jun 22-28 · "Proof"

- Post S2 (diaspora wedge) — boost \$14 split Mogadishu-reachable + London.
- License myth-buster series S6 parts 1-2.
- Thu: Suuq Live (guest: Sahel). Fri: Documentary **Part 3** + \$20 promo.
- First "store goes live" videos of new Founding 100 sellers.
- Outreach: 5 Somali micro-influencers (free year + referral deal).
- Spend: ~\$50. Targets: 800 waitlist cumulative, 20 sellers live.

Week 3 — Jun 29-Jul 5 · "Demo store + referral"

- **Ship demo store mode + in-product referral (1 free month/side).**
- Post S8 ("a store in 5 minutes") — boost \$14. Announce referral on live.
- Giveaway winner announced on Suuq Live (content moment + goodwill).
- Fri: Documentary **Part 4** (finale) + \$20 promo.
- Capacity checkpoint: if onboarding pace < 12/week, publicly reframe to "Founding 50 — second cohort in August" now, not later.
- Spend: ~\$55. Targets: 1,300 waitlist, 35-40 sellers live, first referral-driven signups.

Week 4 — Jul 6-12 · "Diaspora push"

- S9 English diaspora call-out — boost \$20 across Minneapolis, London, Toronto, Eastleigh.
- Eid al-Adha falls around this period — gift-economy angle: "send a cake/ basket home for Eid" (Ahmed + Sahel cross-promo video). Boost \$10.
- Fri slot: first **Founding 100 mini-doc** (the documentary format, industrialized — pick the best new seller).
- Spend: ~\$70. Targets: 1,800 waitlist, 55 sellers live, 15 with a sale.

Week 5 — Jul 13-19 · "Double down"

- Monday review decides everything: re-boost the 3 best cost-per-signup videos with \$40 of reserve-tier budget.
- Tutorials batch (Tocktify Academy) to cut onboarding support load.
- Suuq Live: "ask the founders anything" — address fees/trust objections head-on (collect objections from WhatsApp all week).
- Spend: ~\$60. Targets: 2,000+ waitlist, 70 sellers live.

Week 6 — Jul 20-26 · "Referral flywheel"

- Referral leaderboard video; reward top referrer publicly.
- Second Founding-100 mini-doc Friday.
- If \$2 trial/self-serve decision is made: launch it now positioned as "setup deposit, credited to month 1" — never as a paywall on the demo.
- Spend: ~\$50 + remaining reserve on winners.
- Targets: 2,300 waitlist, 85 sellers live, 25 with a sale.

Week 7 — Jul 27-Aug 1 · "Land the number"

- Final-push countdown content: "X places left in Founding 100."
- **Aug 1: milestone Suuq Live special** — the 7-week story, real numbers, thank-yous, announce Cohort 2 + what's next. Record it well: this video is also your investor/partner pitch asset.
- Publish the recap as a YouTube long-form ("How we got our first 100 sellers in Somalia") — evergreen trust content.
- Targets: **≥2,500 waitlist, ≥100 paying sellers, ≥30 with a sale, 10,000 total in funnel.**
